Company Commander, Engine 2
Re: Honor Guard Recruitment

I am still searching for dedicated and motivated individuals who want to become a member of the Louisville Division of Fire Honor Guard. Your membership will not only enhance the image of the LFD but will enhance your career.

I received a few inquiries and questions about the requirements. Please allow me to clarify those points. The first question was concerning the training. It is my intention to conduct all training to include the initial sessions and any other training sessions while the member is on duty. This is the fact as well with making yourself available for any event that may come up. If I can get the required participation, that too will be the case. I will utilize the personnel on duty to handle the event.

So, if you are considering participation or have a question about the LFD Honor Guard, you can E-Mail me your question or call me at Engine 2 /Platoon 3 at 574-1552.
